Who runs a wholesale quiz
program . . . Who asks us to
be good Trojan Citizens . . .
Who says you had better come
in to conference and let me help
you with that . . . An "A" for
the answer to these clues . . .
Why it's the faculty, of course.

WONDER WHAT POP WILL SAY?

"CLASS SKIPPER"

SUPERINTENDENT

Mr. Valentine is our commander-in-chief, and he pilots the city schools with a steady hand. Mr. Valentine is a pal to everyone in school, and his cheery, "Hello, Bud!" is a password wherever he is. Every student in high school appreciates the wit and humor which is never absent in our superintendent.

Mrs. Swazy and Mrs. Kendall are Mr. Valentine's right hand men on the job with typewriter and note book.

Mr. Valentine is always willing to listen to any problems which might arise, and we are all sure of his trying to give us wise advice. He has made the Trojan spirit live in N. H. S. It is through his hard work and perseverance that our school system has become one of the most progressive in the state.

BOARD

PRINCIPAL

Our "first" Trojan citizen! Mr. Mitchell is N. H. S.'s "leading Trojan citizen." He is always ready to listen to all our woes. He is always prompt with a solution to our problems. Instead of scoldings, Mr. Mitchell's policy is to give us a pat on the back to make us want to be good.

Every once in a while he has the urge to give us a message over the P. A. By this means and by direct contact we have learned to know, to respect, and to love Mr. Mitchell.

The progressive spirit of our school has gained in importance and momentum through his efforts. To Mr. Mitchell we want to say, "Thanks for a grand job."

"Viola, may I have a pass to go up town?" This is only one of the duties to which Miss Laboyteaux has to attend. She has been head of the office force this year, and a good job she's done, too.

OF EDUCATION

Each school has to have its brain trusts . . . ours is no different from any other . . . Mr. Davis . . . Mr. Field . . . Mr. Burris . . . they are busy with check book and gavel.

FACULTY

Ours is a progressive school . . . who made it so . . . why our faculty, of course . . . it is their duty to inform us (in one way or another) of the science, math, domestic arts, etc. . . . they have done all to make good old N.H.S. better . . . they superintend convocations . . . sponsor clubs . . . besides all other duties . . . our tribute to them can not be any better than their best they give us.

They were chosen to represent the dignified and the cultured side of school life to us teens. They may seem austere and reserved but there are not in this world four more gracious, considerate, and helpful deans than are Mr. Bronson, Miss Fern Hodson, Miss Westhafer, and Mr. Greenstreet.

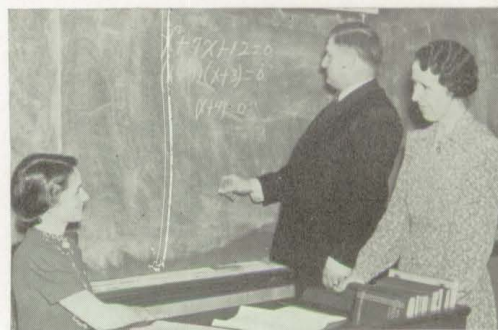

LANGUAGE

Miss Clifford, Mrs. Eden, Miss Pogue, and Miss Mable Hodson "learn" us how to parlez-vous like veterans. Also, we may glean knowledge from Virgil, Cyrano, or Don Quixote if we feel particularly industrious.

MATHEMATICS

If $2x + 3 = 15$ how much is the square root of 225? Miss Orr, Mr. Harrell, and Miss Fern Hodson are the geniuses in N.H.S. who would try to answer our problems.

MECHANICAL ARTS

Have you seen all the furniture that the shop boys build? They work busily all year on their projects and are guided by Mr. Rarick, Mr. West, and Mr. Pitcher.

COMMERCIAL ARTS

"Now I want you to type this speed test . . ." Mr. Rockhill. "We are going to have a vocabulary test Friday . . ." Mr. Van Hook. The future stenographers in N.H.S. are guided by these two capable leaders.

Howard Rockhill

SEWING

It pays every girl in N.H.S. to take Dress Designing and Materials, says Mr. Mitchell; so Miss Wright holds forth in 119 and some of the clothes that are made down there would make Schiaparelli hide her head in shame.

ENGLISH

Why-oh-why don't the English teachers ever make mistakes so we can correct them? Here are the professors who just know their English literature and grammar too well—Miss Rucker, Mrs. Rogers, Miss Stoddart, Miss Westhafer, Mr. Baughman, and Mr. Burr.

MR. GREENSTREET

Journalism—All copy due on Wednesday!

MISS DORSEY

Music — Don't ever let anything interfere with Girls' Glee Club.

MR. COPELAND

Music—I'm going to kick somebody out—some day.

MR. BRONSON

Chemistry — The question is—who is going to be the first to blow up the lab?

MR. FESSLER

Commercial Arts—New jobs for retailers.

MR. GROSS

Biology—Notebooks are due Friday.

MR. ALLEN

History — Do you want to talk about that game Friday night?

MR. BAKER

History — Get out a quarter of a sheet of paper. We are going to have a little quiz.

MR. ROGERS

History—Now that's the only sermon I aim to make this semester.

MR. HELLER

History—Back in junior
high we . . .

MR. LESLIE

History—Now I want
you to get this!

MR. HODSON

Physics—Today we
have a little film on "Air
Pressure."

MR. GOAR

Physical Ed.—No boys'
gym classes this afternoon.

MISS HARRINGTON

Physical Ed. — All girls
be sure to buy their gym
suits this week.

MISS MELVILLE

School Nurse—Be care-
ful not to catch the flu,
boys and girls!

MISS SMITH

Biology—There will be
a meeting of the Nature
Club in 323 tonight.

MR. DAVIS

Agriculture — We'll just
look this up in the book to
be sure.

MR. IHNE

Trade and Industrial
Education—He will speak
to you on vocations.

MISS PINNICK

Health—Now that's a
very dangerous thing!

MISS NUTT

Librarian — Did you
come to the library to talk
or to study?

MRS. FISHER

Cooking—If you do this
the cake ought to be good.

MISS MANIFOLD

Art—Now we will start
making wallpaper pat-
terns.

When? May 17, 1940.

Where? High School Gymnasium.

What Was It Like? A "Gone With The Wind Ball." Given for the Seniors of 1940. Everyone worked hard and the entertainment had everyone in stitches and tears. Having to do with Uncle Tom's Cabin, the whole affair from hoop skirts to punch bowl fairly "reeked" of the Old South.

CLASS PLAY

When? April 24, 25, 1941.

Where? N.H.S. gym.

What? Three one-act plays:

A farce, "Marriage Proposal," by Anton Chekhov.

A comedy, "All's Fair," by Angela McDermott.

A tragedy, "The Valiant," by Hallworthy Hall.

Who? Members of senior class chosen and directed by Horace Burr, Jr. They are Malcolm Bruce, Idella Fields, George Woods, Maurice Wake, Bill Preble, Margaret Field, Lois Stamper, Gloria George, Josephine Clark, Martha Emry, Dale Biddinger, Jr., Wendell Starbuck.

MAY BREAKFAST

When? May 4, 1941, 6:45 a. m.

Where? Masonic Temple.

What? Breakfast given by Business and Professional Women's Club for all senior girls. These girls elected their own queen and her court.

Who? Queen: Gloria Davis.

Attendants: Vivian Means, Dorothy Sweigart, Alice Payne, Eva Smith, Margie Chard, Mary Helen Caldwell.

UNDERCLASSMEN

JUNIOR CLASS

One day in the spring our ambitious Juniors met and chose their leaders for the year. They chose John Andrews, president; Mary Helen Hinshaw, vice-president; Betty Wright, secretary; and Bobby Gann, treasurer. No students could have worked more efficiently than the four elected.

The main objective of the Junior Class is to fete the Seniors with a prom. All Juniors out-do themselves to make their prom best! About the last of school the air is thick with hints, plans, and preparation.

All too soon it is time for our Juniors to turn their footsteps down the long stretch toward diplomas. They have grown up—they will be Seniors, next year.

COACHES

Caught by an absolutely candid camera at the half of this year's Anderson game, Head Football Coach Stephen Maurice ("Griz" to everyone) Baker appears as every member of the Trojan squad will remember him best in the years to come.

Baker is not only one of the best coaches in the state, but also a real manager of boys, his gruff manner being only for psychological effect and not his true self at all. "Griz" demands discipline and hustle from his squad, but no boy can ever say that Coach Baker did not give him a square deal.

Assistant Coaches Randall "Percy" Lawson and Hershell "Red" Eastman were welcome and able additions to the football coaching staff this year. These coaches receive little recognition for their extremely important task of teaching the youngsters on the squad the fundamentals of the game. Mr. Lawson also helped Mr. Allen with his hardwood performers after football season.

New Castle's 1940 football fortunes suffered somewhat in comparison with the records of the previous two years, with our wearers of the moleskins splitting even in 8 games, winning 4 and losing 4.

The season as a whole was spotty, with the Trojans looking like champions one game and scrubs the next. Although the line was somewhat larger than usual, it lacked speed; Coach Baker was hampered by a lack of experienced backfield men.

Two low spots in the season were the breaking of New Castle's 3-year record of no defeats at home by Muncie in the first game of the season, 24-0; and Anderson's defeat of New Castle by the score of 26-0, the first loss to the Indians by a Baker-coached squad.

Probably the high point of the season was the final game with Southport, in which the 9 seniors on the New Castle team really looked as if they wanted to play football in the last game in which they would wear the green-and-white. The Trojans won by the score of 21-0, the worst beating New Castle had ever given the Cardinals in the history of the series. The members of the 1940 squad were somewhat consoled by the thought that they had beaten Southport worse than either of the great Trojan teams of the two preceding years.

MANAGERS

Lots of work, criticism, derision, and curt orders go to the student managers, with far too little praise for their loyalty and efficiency. Here are: Joe Tyler, Chalmer Murnan, Gene York, Bob Spannuth, and Ray Koger.

TROJAN FOOTBALL SQUAD

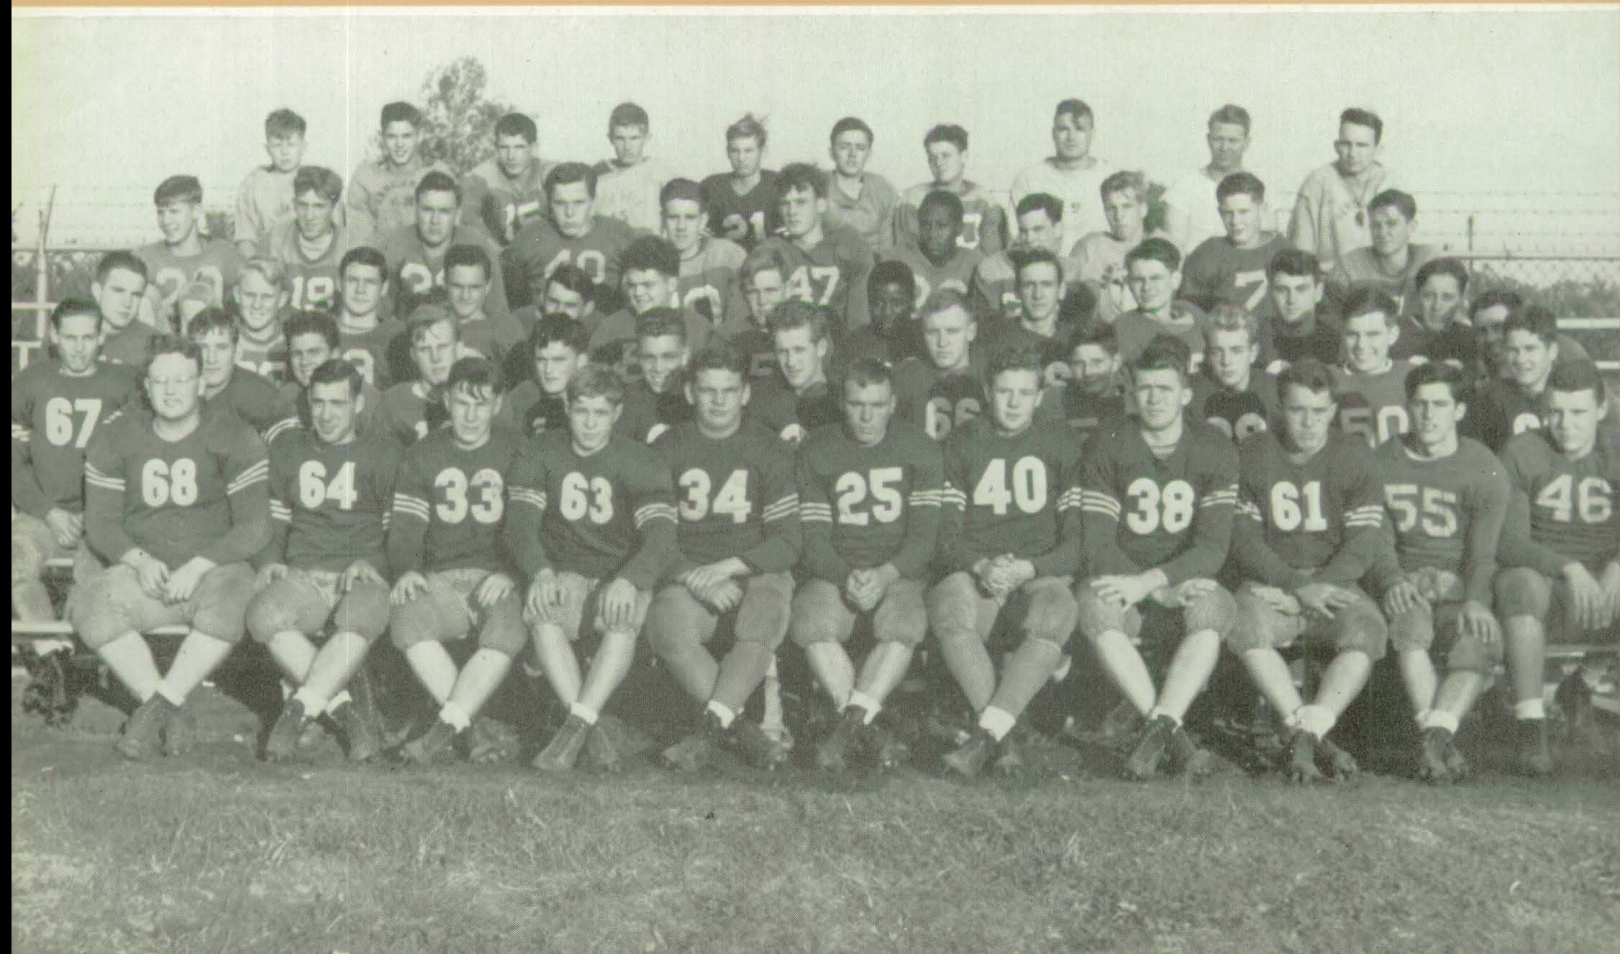

Top row (left to right): Robert Polk, Robert Van Zant, Wesley White, Wilbur Veach, Charles Glynn, Donald Wardlow, Harold Ashley, Coach Randall Lawson, Coach "Red" Eastman, Coach "Griz" Baker

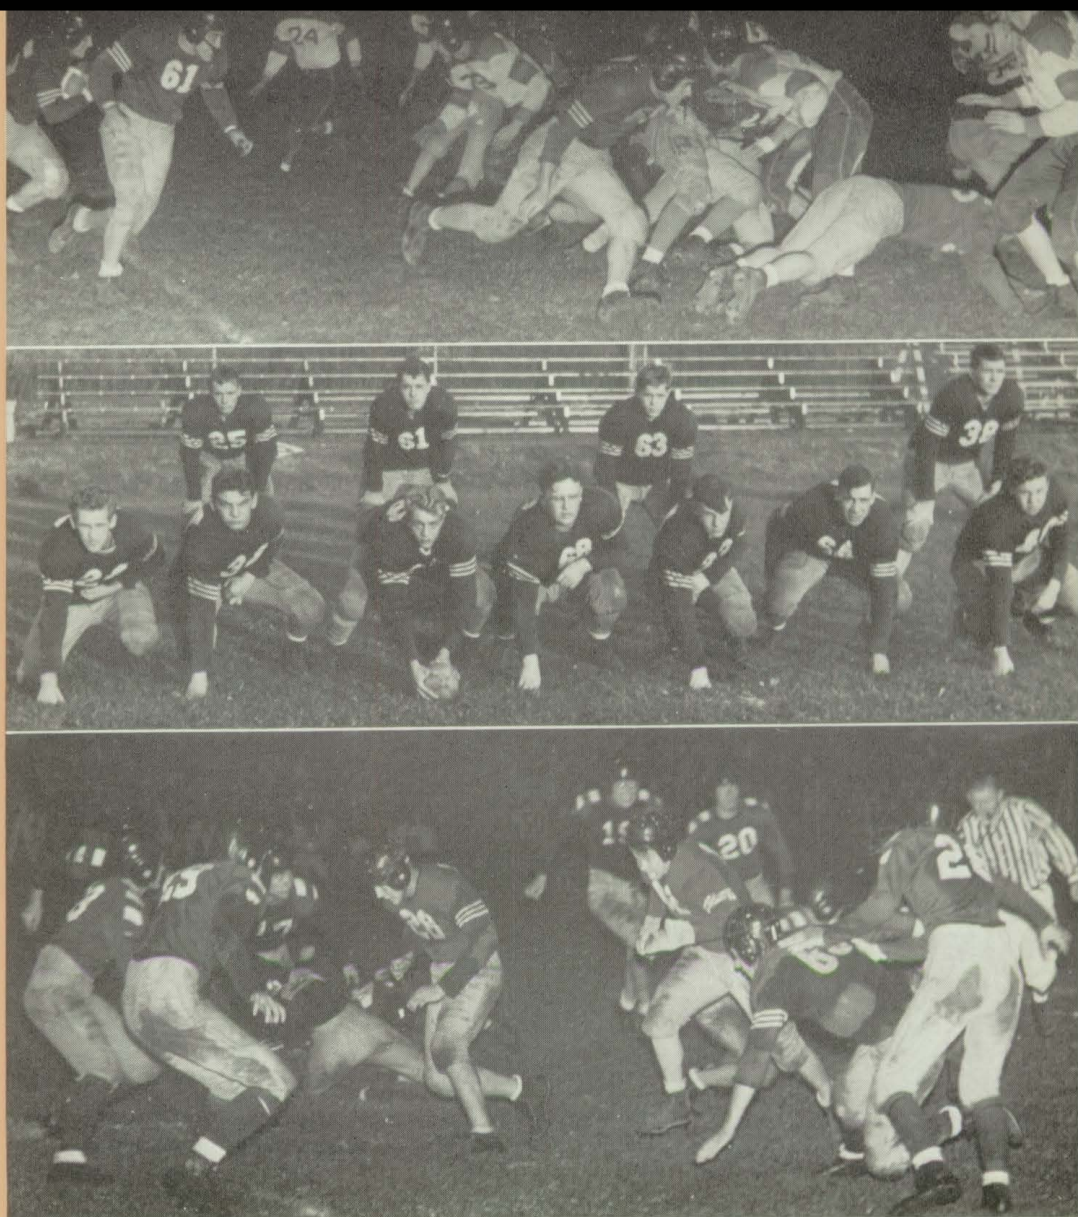

Second row (left to right): Archie Slettveit, Harold Mitchell, Earl Darling, Perry Wolfe, David Davis, Rudolph Jolley, George Smith, Rushie New, Charles Black, Bill Burk, Harold Bennett

Third row (left to right): Brud Williams, Max Meek, Dan Click, Everett New, Don Sidwell, Joel Kern, Bob Platts, Jim Meyers, Haskell Tompkins, Paul Lewis, Eddie Sidwell, Buddy Allen, Charles Sweigart

Fourth row (left to right): Norman Rust, Clarence Alting, Darryl Carpenter, Bill Gordonier, Bill Foster, Edward Eden, Donald Woods, Bill Wells, Ernest Bryson, Bob Cronk, George Dominick, Fred Alexander

Bottom row (left to right): Bill Freeland, John Ganger, Thomas Wall, Bill Preble, Ivan Thomas, Harry Woolf, Dale Biddinger, Marshall Koontz, Warren Askin, Bill Hawks, Dale Wilkinson

Harry Woolf carrying the ball on a drive off tackle in the Anderson game, won by Anderson 26-0. Leading the play are "Shiner" Johnson (63), Warren Askin (61).

A shot of the starting eleven at one time during the season. In the line: Woods, Thomas, Cronk, Freeland, Wall, Ganger, Biddinger. The backs: Woolf, Askin, Preble, and Koontz.

Cronk (28), Alexander, and Johnson lead the interference in an off tackle play against Morton Memorial. The Trojans won 25-0.

Quarterback George "Shiner" Johnson amassed the highest total of points toward athletic awards in football. Regular blocking-back for two years, "Shiner" not only was the Trojan field-general, but also developed into quite a passer during his senior year.

Left halfback Harry Woolf was elected Football Captain by his teammates because of his popularity. His consistent ground-gaining in every game won for him a reputation among his opponents. Though neither very big nor very fast, Harry was a hard-driving runner and always kept digging for that one extra yard.

DALE BIDDINGER: Senior end. This big, charging, red-headed boy will be hard for Coach Baker to replace next year. WARREN ASKIN: Senior fullback. Warren did a fine job in spite of the fact this was his first year of football. THOMAS WALL: Senior guard. "Brain-trust", even though a substitute all four years, ably aided in diagnosing many difficult plays. Whenever substituted he gave all he had and was very dependable. IVAN THOMAS: Senior tackle. After a try at fullback, Ivan "The Terrible" switched to tackle where he played a "bang-up" game. GEORGE JOHNSON: Senior quarterback. The "Shiner", playing his second year as a regular, developed into quite a forward passer, and also did some ball carrying. BILL PREBLE: Senior quarterback. In the final game of the season, Bill was in the starting line-up for the first time, but he played in every game and gave his best. JOHN GANGER: Senior tackle. Johnny, a fixture at tackle for the past two years, was a power on defense. CHARLES SWEIGART: Junior guard. Sweigart gained much experience this year and should do a fine job next year. BILL FREELAND: Senior guard. "Crisco", the biggest man on the team, was practically impossible to take out of the line. ED SIDWELL: Sophomore tackle. Eddie should be a valuable man when Coach Baker decides whether he is a center, guard, tackle, or fullback. He has played all. BILL HAWKS: Senior half-back. Bill, who is graduating in three and one-half years, is making Coach Baker very unhappy, as he was counting heavily on Hawks for next year.

1940

NORMAN RUST: Junior quarterback. Rust did fine reserve duty this year, and most probably will be the Trojan field-general next year. DON WOODS: Junior end. This blond haired boy should brighten Griz's outlook for he is one of the most seasoned members of next year's squad. EDWARD EDEN: Junior tackle. "Anthony" is not very big as footballers go, but he certainly makes up for it with his speed and aggressiveness. BILL WELLS: Junior center. "Wee Willie", with two years' regular experience, undoubtedly will be the mainstay of the Trojan middle next year. BOB CRONK: Junior guard. Bob also did double duty as center, and Coach Baker himself is not sure where he'll play next year. But he will be in there. ERNEST BRYSON: Junior guard. Ernie is handicapped by his small size, but he never stops trying. He should be a valuable man next year. BILL GORDONIER: Junior tackle. This boy may be the surprise of next year's team. He is as tough as they come when he makes up his mind to be. HARRY WOOLF: Senior halfback. Captain Harry carried the brunt of the running attack, and also snagged a majority of Johnson's passes. HASKELL TOMPKINS: Sophomore end. "Hack" promises just as much football ability as he has basketball prowess. Need more be said? BUDDY ALLEN: Sophomore halfback. Although only a sophomore, Buddy already has a great deal of first team experience. He should come into his own next year. FRED ALEXANDER: Junior fullback. "Junior" has lots of power, hits the line hard, and is a fine tackler. Watch him go next year.

CAPTAIN

BASKET-

"STRINGS"

Wilbur Allen—As the head basketball coach, "Strings" has again proved his prowess as a mentor in this field of sport. His diligent and cheerful work combined with his high ideals of sportsmanship have resulted in a successful and colorful season. Clean, hard play are qualities that mark his brand of ball. Always reaching for a higher goal, he has instilled in his players a valuable spirit of persistence. We wish him the best of luck in the building up of future teams.

Managers—Fuzzy, Bobby, and Rody—

Student managers also played a hand in the success of the team. Theirs is a hard job and they did it well. They take care of the odd jobs, do a lot of hard work. They deserve a lot of credit for their hard work. Hats off to you, boys.

SECOND TEAM

The Trojan Colts completed a very successful season. They played good ball and furnished plenty of opposition for the varsity. The second team is a building team for future varsity players. The idea of the second team is to get game experience. All team members are underclassmen and will be valuable material for "Strings" next year. From this second team will come the regulars and reserves for next year's team, and will be playing for N.H.S., trying to hold up the great record of former Greenclad teams.

Top row (left to right): Wayne Coers, Ovid Chambers, Jr., Ray McMillan, Eddie Sidwell, George Barnard, Paul Lewis

Second row (left to right): Robert Polk, Howard Cross, Ray Helms, Wilber Veach, Gene Witt, Charles Sweigart

Bottom row (left to right): Don Sidwell, John Paul, Charles Wilt, Harry Bell, Max Sisk

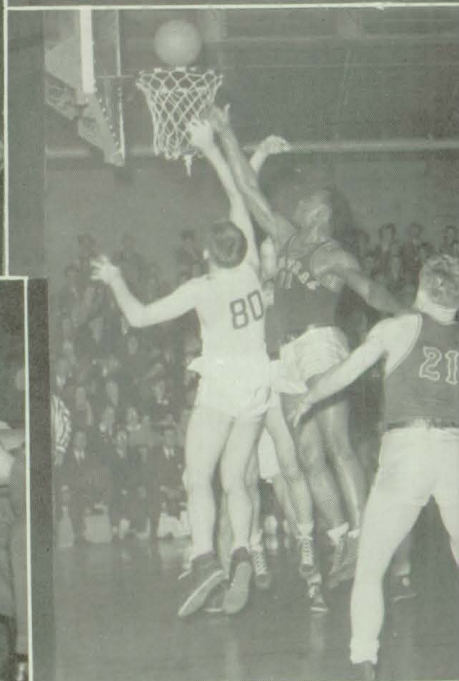

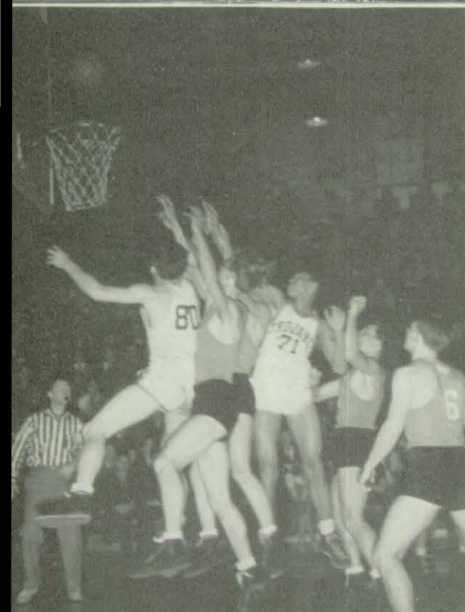

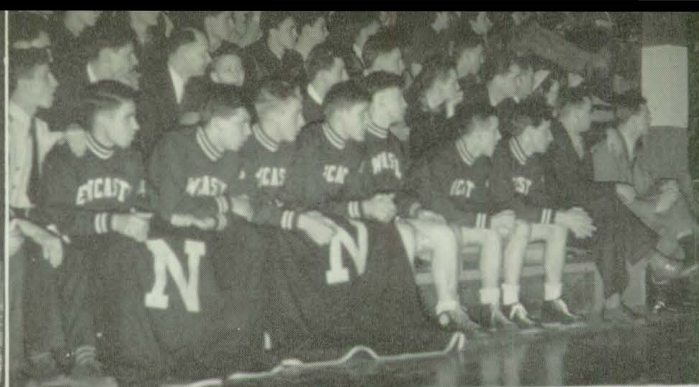

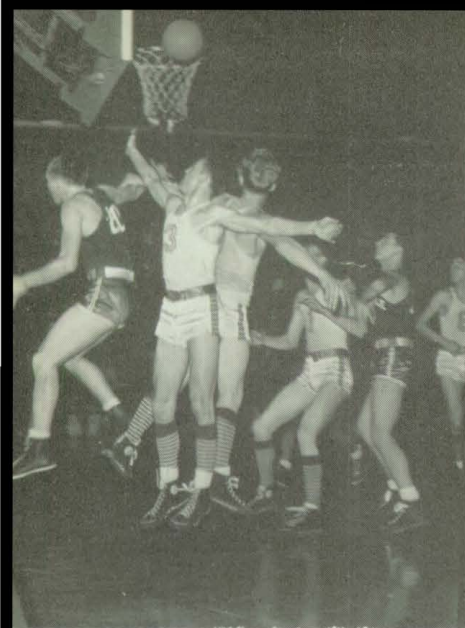

BALL

The men of Troy, under the regime of capable Wilbur Allen, enjoyed a successful basketball season. Although defeated in the final game of the regional by Burris of Muncie, the men of Troy conquered such notables as Richmond, Kokomo, Muncie and became the Big Four champions at Logansport, for the second successive year. Our N.H.S. basketball team experienced this successful season because of hard work. Starting with a practically new set of men and working gradually to almost perfection, the team won and lost. This record alone placed the Rose City aggregation in the limelight throughout the state.

VARSITY

Marshall "Coondog" Koontz: center and highpoint man of this year's team. His broad smile and "never say quit" spirit was largely responsible for the winning of many games. Truly one of the greatest to wear a green uniform.

George "Shiner" Johnson: the clever and fast forward of the Greenclads. When it comes to good forwards, he is hard to beat. He sometimes had tough luck, but generally did his share in scoring.

Robert "Curly" Mathes: Speaking of backwards, he had the world beat. A mighty hard man to dribble around and the nucleus of the team's defense. He emerged from every game with a wonderful amount of pep, especially when Coach Allen mentioned "restaurant."

Estil Mukes: He knocked 'em all cold when it came to side shots. He is a forward and fights every minute of the time. Sometimes he missed, but this happens to the best of them, you know. He plays next year, so watch him.

Bill Wells: Nice looking kid, eh! Plays floor guard for N.H.S., so he must be hot when it comes to dribbling down the floor. He's not much on long shots, but he got virtually all the rebounds. A man to watch next year.

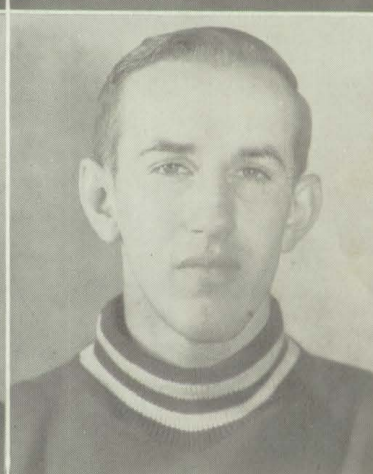

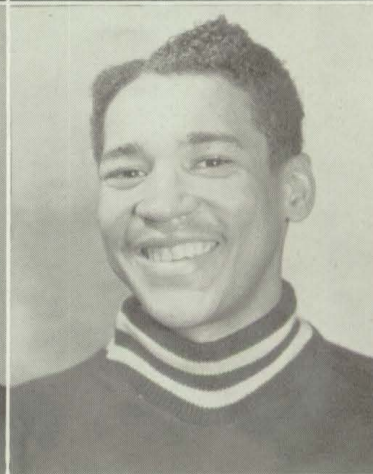

Haskell Tompkins: Carries a pocketful of pep and fight. Always in the game at the forward position and has a wicked eye for the basket.

Bob Cronk: Although a sub, he plays at about any position that he is needed. His favorite is long shots from the outer court. He believes in the "never-give-up" motto.

Laddie Shultz: When substituted at forward, he is hard to beat. He also takes care of his share of the rebound work and scoring.

Thomas Wall: Small but mighty on the basketball floor. He didn't play much, but he was a real "sticker." He substituted at the forward position and always made good.

Lloyd Shaffer: As far as real up-and-coming guard, he cannot be beat. He is "death" on under-basket shots and a man who will carry the Green honors in years to come.

TRACK

The thinlyclads of N.H.S. this past year exhibited one of the finest seasons in track history in N.H.S. With an entirely new squad to begin with coach Baker developed a track team which upheld the honor of former track teams. Many new faces were seen and many of them did exceptionally good work. The big event of the year was the Rose Relays, which many teams from Henry County and surrounding counties attended. Truly we had a fine track team and a great coach and a wonderful season.

Earl Chandler, Bob Keys, Bob Mathes, Carl Batchfield, Warren Askin, James Stilwell, Barney Askin

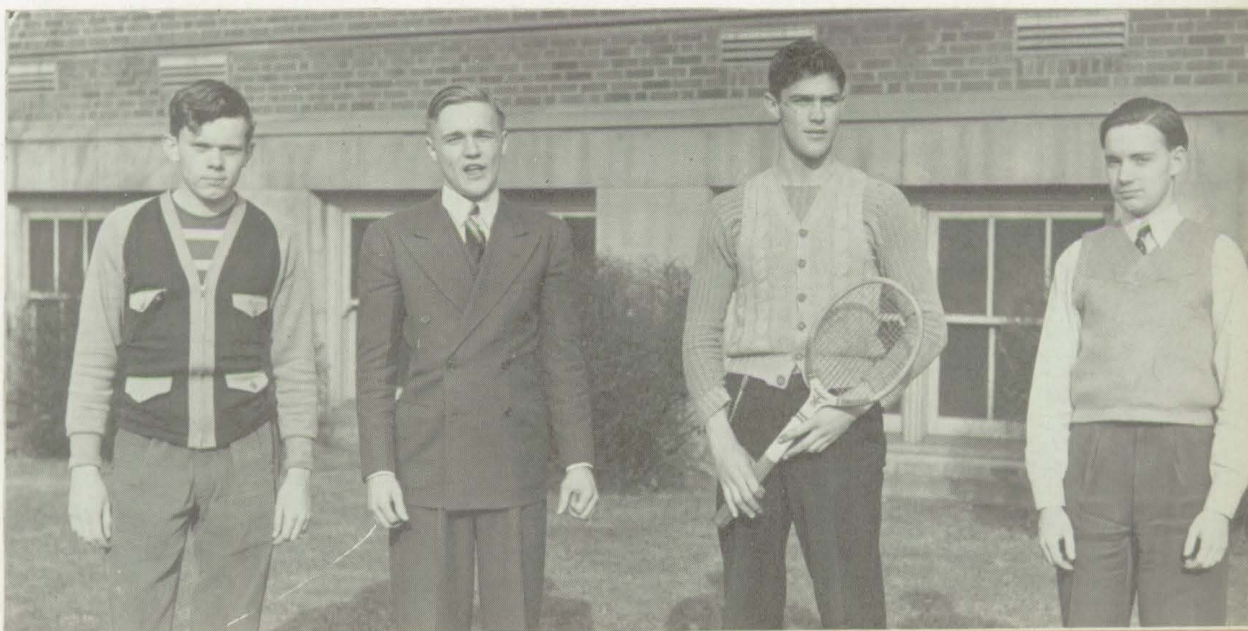

First row (left to right): Mrs. Van Matre, Hosea, Cronk, McNabb, D. Copeland, Curry, Mathes, Youngs, Dominick, Johnson, Wright, Sweigart. Second row: Marshall, Soloman, Yost, Williams, Crouder, Griffin, Rust, Farmer, Cross, Culross, Williams, D. Davis. Third row: Archey, Rawlings, Bennett, Jones, Ryan, Lawson, Cable, E. Sidwell, Kern, Livezy, Hull. Fourth row: Wall, Vaughn, R. Pickle, C. Pickle, Modlin, Nicholson, Myers, E. New, Chance, Jolley, Helms, Llewelyn, Chambers, Davis. Fifth row: T. Copeland, Coers, Kuhns, Bassett, Harmon, Bullard, Alexander, Crandall, Vaught, Messick, Shaffer, Kirby

TENNIS

The popularity of tennis brought many new faces to the team this year. The N.H.S. tennis team has had a very fine season under the direction of Mr. Allen. They played many fine, hard-fought games and we hope this success of our tennis teams will bring better teams in the future to carry on for N.H.S.

John Yost, Richard Oberdorfer, Walter Copeland, Kenneth Duncan

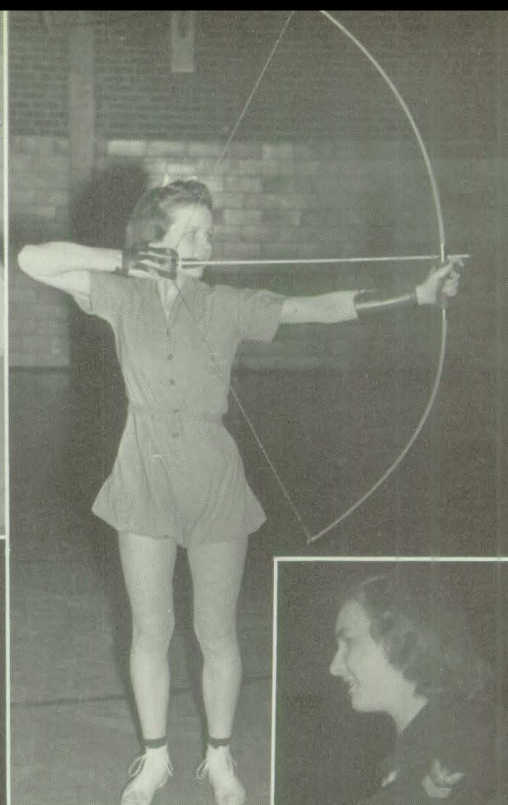

GOLF

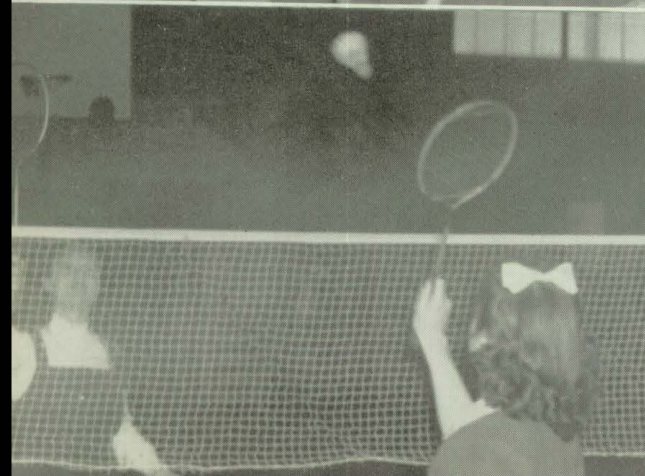

Mr. Allen is the golf coach. He is a capable man for this position and performs his duty well. The sport has been played in our school for several years and we have had some outstanding teams, such as this year's squad. This sport is becoming very popular in school and much enthusiasm for it has been shown.

GIRLS' SPORTS

Sports are tied up with your whole life. They are more than a means to fun at college. There is no better way to make friends and keep them, especially that future husband, than through sports. Yes, girls, we have found another way to a man's heart—through sports. Learn to play his favorite sport, and play it well, and there you have the first step towards winning his heart. You girls who shirk on sports should get out and get into a few of them. You don't know what you are missing, and confidentially, it's fun.

This year the tumbling team is a new feature in the girls' sports of N.H.S. This team was selected from the Girls' Sports Club and is under the direction of Miss Harrington, our physical education teacher. The Girls' Sports Club bought new white uniforms for the team at the beginning of school. During the year the team has performed before several different civic organizations and between the halves at basketball games. They have done quite nicely for the first year and will do much better in future years.

Below is a picture of the Girls' Sports Club.

GUIDANCE

IN NEW CASTLE HIGH SCHOOL

In modern high school procedure much emphasis is placed on guidance. Students no longer are able to acquire experiences which make for well rounded development through normal, everyday living. Three specific devices were used this year to help further the effectiveness of the Guidance program.

1. Career Day.

The New Castle Rotary Club sponsored the first "Career Day." Boys of the high school expressed their first, second, and third occupational interest areas. On November 27, 1940, twenty business and professional men met them to discuss points related to occupations.

Individual conferences with these same counselors were available throughout the school year to those boys desiring additional information. So successful was this service that the faculty desires that it be extended next year to include all students of the high school.

2. College Guidance Clinic.

Early in December, representatives of schools of higher learning met at the high school building to give seniors of the county information about college. Sponsored by the high school and the principals, the clinic proved to be helpful to the young people in need of information on such points as: selecting a college, who should go to college, costs, opportunities for work, scholarships, and how to get the most out of this type of educational experience.

Dr. L. H. Dirks, Dean of Men, DePauw University, gave the address of the day on the theme, "What Is Your Record?"

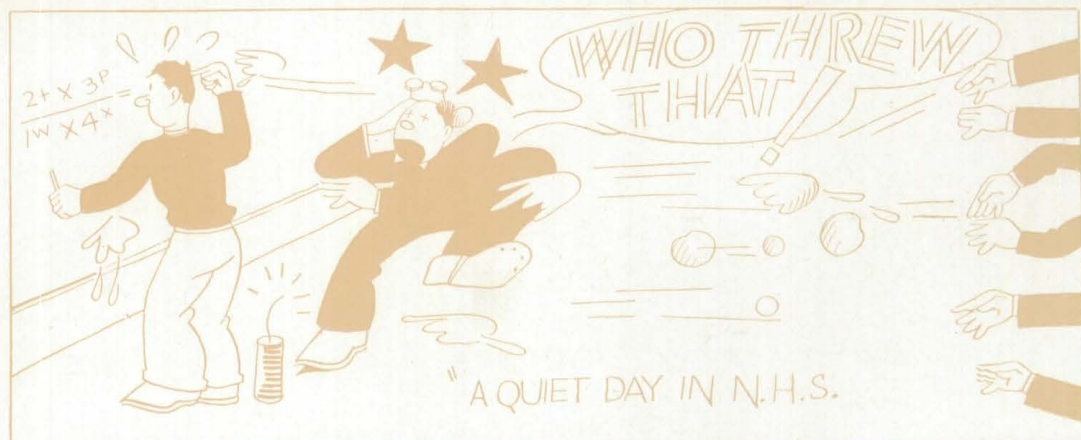

3. Freshmen Day.

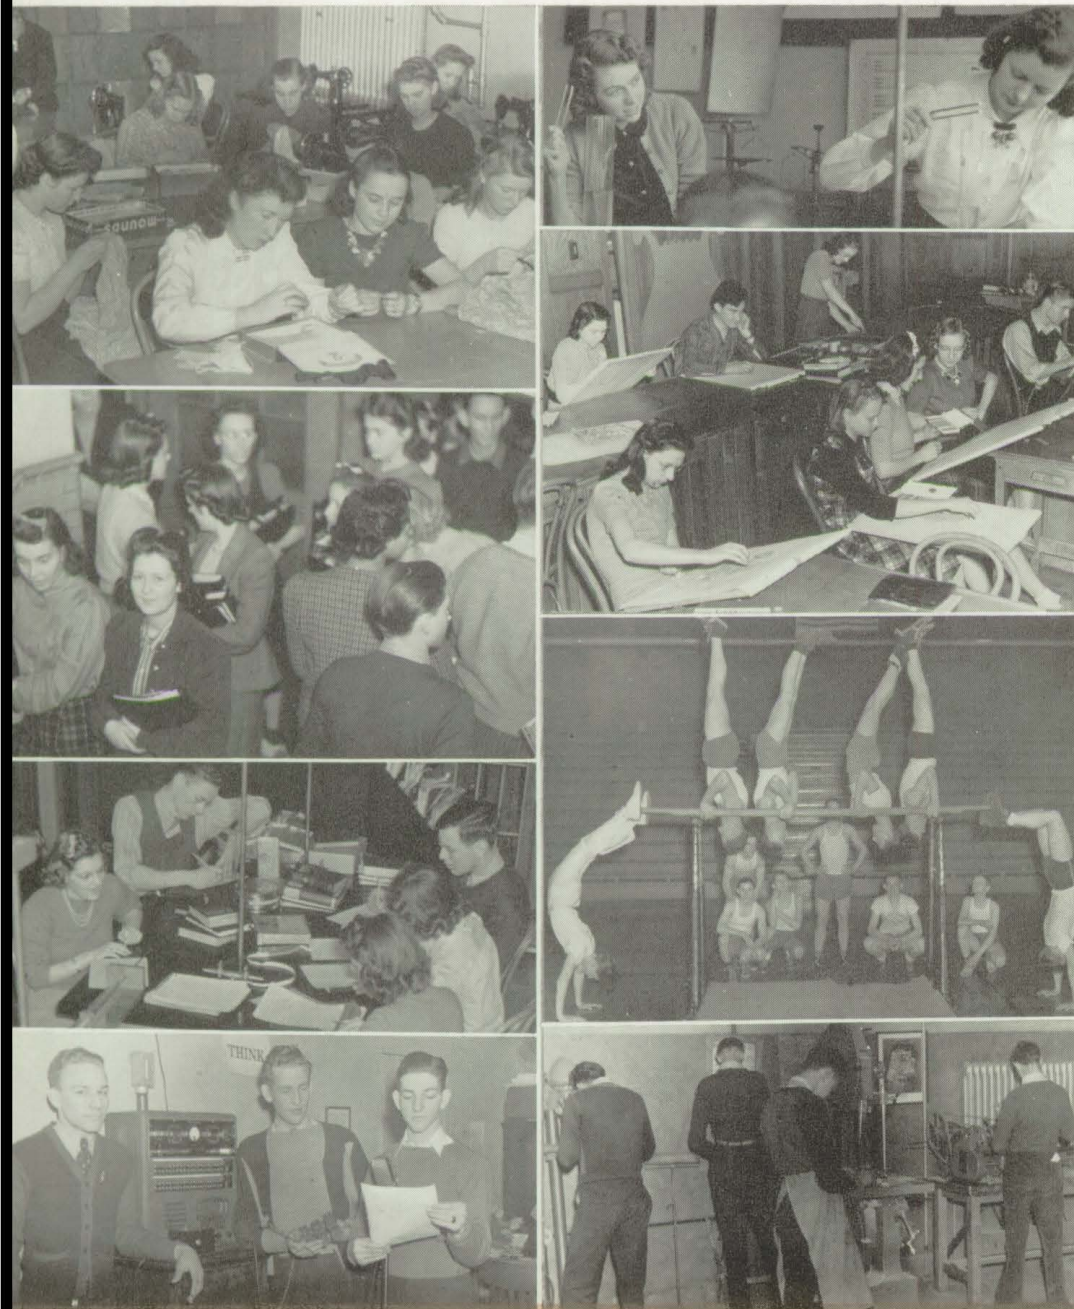

Freshmen Day was inaugurated to help make the transition of rural freshmen smoother and less difficult. With the help of the High School Parent-Teachers Association, the rural students who will enter high school for the first time next fall from Henry and Liberty townships were brought to New Castle, where they were met by former students of their local school, who were to be their afternoon hosts.

A school assembly was conducted by high school students after which the guests were taken for a tour of the building where they witnessed demonstrations of work being done in the various departments of the school. They were then given instruction in the program of studies offered in the high school and the procedures for fall enrollment.

A get-acquainted social hour with the faculty concluded the afternoon's events.

J. R. Mitchell, Principal.

I'll bet those gym boys would make good stunt flyers . . . they're always standing on their heads . . . the sewing class really would be a big help to the Red Cross . . . they look so industrious . . . "now look pretty, girls", says the birdie on Tom's camera . . . busy (?) picture of our future Michaelangelos . . . those Physics students seem to have entirely too much fun . . . wonder what they prove by their experiments . . . now you know all about the men who work controls and ring the chimes for station N.H.S. . . . orders taken now by the shop boys . . . they make anything in the woodworking line.

Through the convocation schedule, the administration is able to provide culture, entertainment, and information under the best possible circumstances and under supervision. By presenting to the student body programs of music and drama, by bringing to them outstanding lecturers on a wide variety of subjects, both informative and entertaining, the student-hearer is given the best so that he may set his own standards for audience participation in after-life. In other convocations, student organizations present the programs thereby giving the participators an opportunity for performance and the student audience a chance to see their fellow students in action.

This year was the second year for such a series in New Castle High School, and a more elaborate and higher standard program was offered. The series was composed after a canvass of preferences was taken from the student body. Convocations are held in the high school gymnasium and the Armory. Although a public address system is provided, this type of auditorium is not the best atmosphere. Nevertheless, the student body appreciates this opportunity, but never ceases to hope for, to look forward to the time when a real school auditorium will be theirs to enjoy and be proud of.

Juanita Jane Rucker,
Sponsor of Convocations.

Wonder whom Louis is looking at instead of the Regional . . . the long stretch back—to school in the afternoon—shucks now . . . Billy and Emma Jane must really be hungry—I feel sorry for those French fries . . . did you know that Mrs. Rogers and Miss Smith are Chinese Checker players of note. Mr. Greenstreet is good at kibitzing, too . . . wasn't Heart's Hop fun . . . with all that practice in dancing we should all be Fred Astaires or something . . . I think Mr. Rubinoff should be proud of that escort of musicians, I think . . . do you suppose all those boys lined up at the soda fountain are as hungry as they look?

INTRAMURAL ATHLETICS

IN NEW CASTLE HIGH SCHOOL

The athletic program of New Castle High School is well rounded, consisting of interscholastic sports, a physical education program, and intramurals.

Intramural sports, a field rapidly growing, serves many purposes. Boys and girls are provided with the equipment and opportunity to take part in athletic games, wholesome exercises, and socializing activities. Intramurals enable the boy who is not a member of a regular school team to get the benefits of a competitive sport, such as basketball. Leisure time, which is sometimes a problem for youth, is well spent in this activity. Sportsmanship is learned, as the competitive spirit is sometimes keener than in interschool games, and there is ample opportunity to learn the give and take of sports and life. Many intramural sports teach skills which have a carryover value in adult life, helping to solve the adult problem of leisure.

In New Castle High School our intramural program is by no means complete, but we are making progress. In the fall the outdoor program includes horseshoe, badminton, volleyball, shuffleboard, softball, and goal-hi, which is a school ground version of basketball.

During the winter most of the activity is centralized in the gym and armory during noon and evening periods. The noon hour is utilized by playing ping-pong, tether ball, basketball, badminton, and checkers.

This year most interest centered about the intramural basketball games. Two leagues were formed, consisting of ten teams in each, including about one hundred and twenty boys. Games were played every noon during the season and each Wednesday night. To close the season our elimination tournament was held, with the Sunshine Fisherettes surviving as the winner and champion. Ping-pong tourneys proved James Hunnicutt and Ella Shuemaker the best paddle wielders of our high school.

To improve the intramural program, more girls should take part in the various activities, tennis courts should be built near the school building, and additional league sports should be organized. Intramural athletics have proved their worthiness, and are well worth the time, expense, and effort. Let's support them in the future.

James R. Rogers,
Director of Intramurals.

And now after a busy day at school N.H.S. students wend their ways home-ward or to Dentons . . . it really looks like a beauty parlor behind the scenes at the class play . . . maybe I ought to attend . . . orchestra students take in the first night performance of the class play from ring side seats . . . guess I'll join the orchestra and get a good seat . . . our dignified teachers can be caught in rather uncharacteristic poses, can't they . . . for once most of the Rosennial staff gathers in one place long enough for Tom to snap a picture.
